Sir:

Applicants submit herewith the PCT International Preliminary Report on Patentability corresponding to the priority application for this U.S. Application. A copy of each of the references mentioned in the report have already been communicated to the USPTO as part of the IDS e-filed on private PAIR on June 19, 2006. If, on the other hand, it is determined that references D1 through D8 are required, applicants will provide the Examiner with a copy of the same.

Respectfully submitted,
